

State Project: 117-03-0015

Description: Sabine Ph. Line – Jct. LA 117

Route: LA 118

Gilchrist Construction has been awarded a nearly \$2 million road reconstruction project on LA 118. The project which is located near Kisatchie, LA in Natchitoches parish spans 4.6 miles and must be completed in 65 working days. This project which lies only 59 miles away from Gilchrist's asphalt plant in Alexandria contains 63, 012 square yards of cement and 54, 320 square yards of cold planing asphaltic pavement. This 11,452 ton job was a major coup for Gilchrist Construction because of its close proximity to Alexandria headquarters and its multitude of hot-mix tons.

State Project: 374-03-0023

Description: Iron Br. Crossing – Pomme de Terre Reserve

Route: LA 451

Also awarded to Gilchrist Construction during the April 27<sup>th</sup> LA DOTD letting was a \$999,948 project located in Avoyelles parish. The LA 451 overlay project was awarded to Gilchrist over two of its main asphalt competitors, Diamond B and D & J Construction. This overlay project which is 5.4 miles in length and has a tonnage quantity of 7997 must be completed in 35 working days. The project, which is located less than a half mile off of LA 1, should provide for an easy haul route from Gilchrist's Alexandria asphalt plant.
